

Re-Usable Spray Paint Suit

Style Code: **2788**

The Chemsplash Re-Usable Spray Paint Suit is made from 68GSM (+/-3GSM) 99% Polyester with 1% Carbon Grid. It is antistatic treated and is low-linting.

This is a Cat I suit which offers protection from spray paint splashes with much improved breathability and comfort. Its center front opening has a 78 cm two-way zipper with double sliders in white at the top and blue at the bottom. With a hook and loop fastening, the Re-Usable Spray Paint suit has 80x5cm double-thick flap, a triangular vented back and half-back elastication. It has knitted cuffs, a two-piece hood with cord and toggle, hemmed elastic at the face, and the center back is stitched into the neck seam. It contains 3 pockets, including an external hip pocket on the right back, two side access pockets with flaps for two-way access to garments underneath, integrated knee pads, and velcro ankle adjusters.
