## AlphaTec® Solvex®

## 37-695

Excellent chemical protection with a good level of grip, fit and comfort

Previously known as: Solvex<sup>®</sup> 37-695

# Flexible chemical-resistant gloves, suitable for a wide range of applications

- Advanced protection: Suited to heavy-duty cleaning applications, these AlphaTec<sup>®</sup> gloves' nitrile compound and 0.425mm thickness ensure strength, chemical resistance and protection against snags, punctures and abrasion
- Optimized comfort: AlphaTec<sup>®</sup> 37-695 protective gloves also feature internal cotton flocking, which limits sweat buildup and enhances wearer comfort
- Improved grip: Thanks to their reversed lozenge finish, these durable work gloves boast excellent levels of grip in both dry and wet environments
- Assured flexibility: Their nitrile composition means they remain flexible and dexterous, for simpler everyday use

#### **Industries**

- Automotive
- Automotive Aftermarket
- Food Processing
- Metal fabrication
- Oil and gas
- Chemical

#### **Applications**

- Delivery of parts to production line
- Welding
- All food processing applications that have food contact
- Forging operations
- General pumping work
- Handling incoming goods
- Filling, blending and charging of raw materials
- Opening and draining pumps valves or
  lines
- Loading and unloading of proces equipment
- Transferring liquids and solids between vessels and tanks and process equipment
- Supervision of running operation
- Handling outgoing goods: cans, vessels, bulkpack and cartons
- Testing
- Opening furnaces draining pumps valves or lines and crackers BTX process
- Painting or cleaning tools or robots

37-695

Excellent chemical protection with a good level of grip, fit and comfort

Previously known as: Solvex® 37-695

#### **Key Features**

- 0.425mm nitrile compound: Enhanced strength and chemical
- Cotton flocking: Reduced perspiration buildup, for sustained
- Reversed lozenge finish: For protective gloves offering better

#### **Vulcanization Chemical Accelerators**

- Mercaptobenzothiazole
- Zinc Diethyldithiocarbamate

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

#### **Performance Standards**

4101A

### **Specifications**

BRAND   STYLE	DESCRIPTION	SIZE	LENGTH	COLOR	PACKAGE
