Dripwick | Biohazard Spill Kit | Universal

Base Fiber: granular

Product Code	Format	Size L x W x H inches (cm)	Recycled content	Quantity in box	FTL Pallet
BIOWICK	Spill kit	16" (40cm) x 16" (40cm) x 15" (38cm)	72%	32/Box	30

Biowick is a fast response biological hazard spill kit tailored to deal with unwelcome spills such as blood, urine or vomit. The smartly designed box instantly converts into a scoop and receptacle. Bus lines, trains and schools are particularly suitable for the product as it can also be stored almost anywhere. There is nothing on the market that compares to this product.

Notes

- Ensure that disposal of these used sorbents complies with local, state and federal regulations.

Spill kit's contents include:

250 grams of wick powder

Simply sprinkle the powder over the spill then collect it using the two halves of the scoop which converts from the containing box.

1 x pair of nitrile gloves

Waterproof gloves help to ensure safe handling of spilled substance.

1 x germicidal wipe

A clean up wipe is included for deodorizing and finishing the final cleaning up process to leave the surface perfectly clean and dry.

1 x biohazard bag

The biohazard bag is used to contain and dispose of all the used items within the spill kit.
